- Wordings not visible. Instead of 4 sessions, make it 8 sessions. Better design suggestions?

☐ Same price. Same cohort size. Same quality. Pick one — switch after 12 weeks if you want.

- Text visibility and element at the start of the sentence

AI is in your child's school. Are they ready to question it?

80% of parents

are worried about safe classroom AI integration

35% of parents

have talked to their child about online trust/bias

50% of schools

teach no computer science or digital safety curricula

— EdSource/UCLA, May 2026

School teaches what to know. Not how to lead, speak, or disagree.

85% fewer

behaviour referrals reported by schools with our program

ELA & Math lifts

measured after improving students' focus and social skills

97% engagement

sustained across group strategic gameplay cohorts

— EdSource/UCLA, May 2026

- Text visibility.

Trained by experts, not algorithms

CD

Chelsea Dean
 Psychologist · Educator · Teach For India
 Leads Life Skills curriculum. Works across schools in India and the US.

DB

Debbie Brockett
 Former Superintendent · McMinnville & Clark County
 Advisory board. 30 years building programs that actually change outcomes.

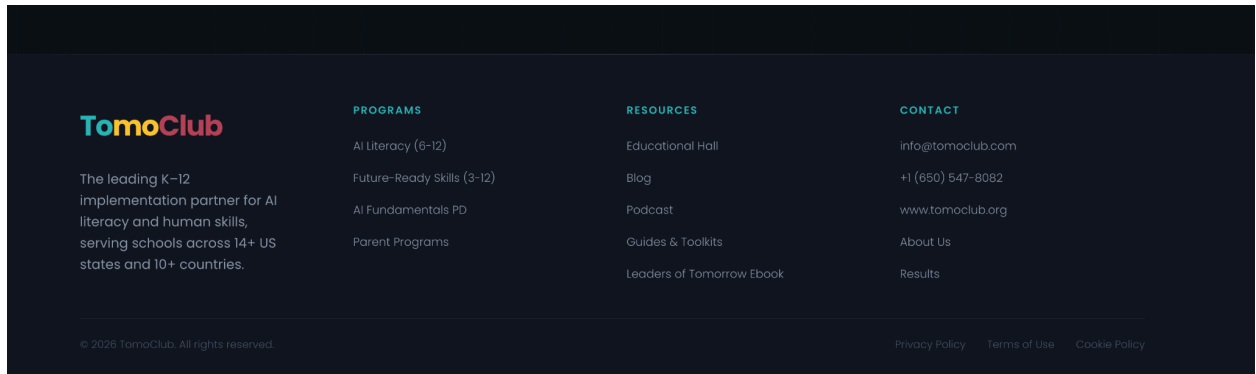

AI

AI Lab Coaches
 CS · Data Science · AI Ethics
 Demo real AI tools live. Trained on bias, ethics, privacy curriculum.

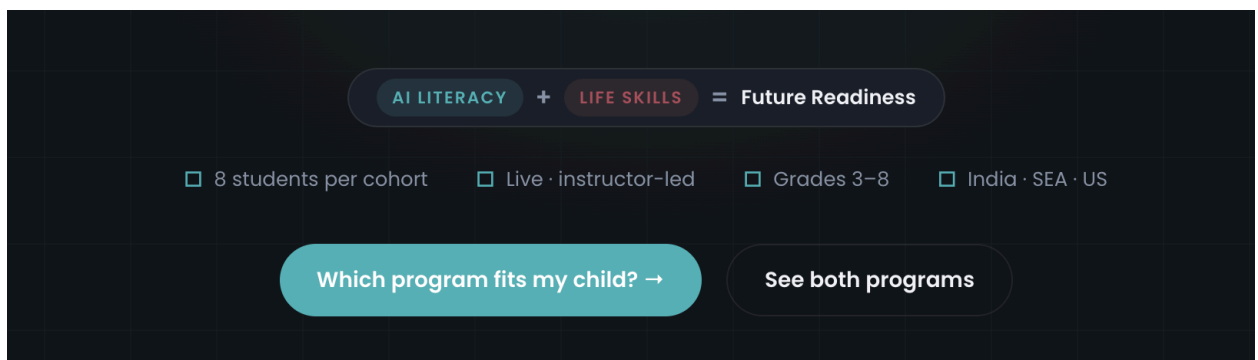

LS

Life Skills Coaches
 Education · Game Design · Psychology
 Comfortable with productive silence. Draw out the quietest voice in the room.

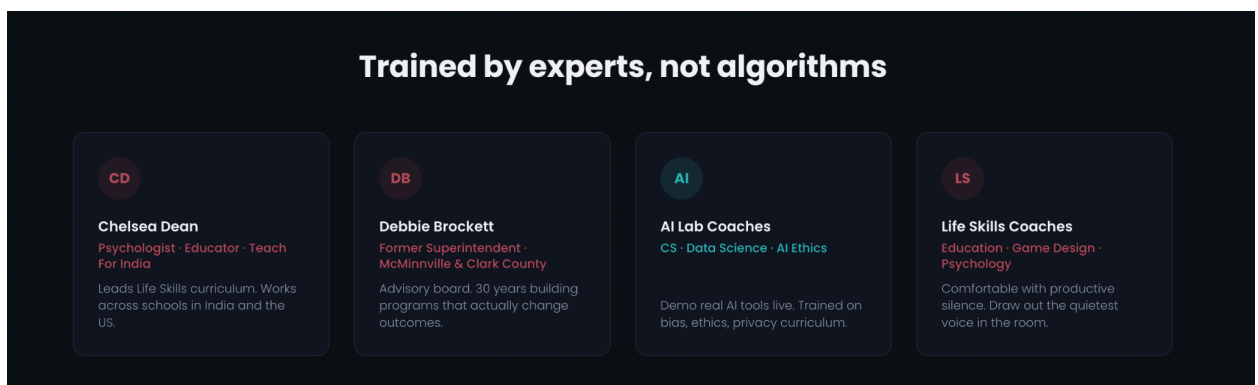

- Card design just like other pages. Better visibility of text

- Footer design like the other pages.

- 2nd CTA can be Book a Free Trial.

- Can add the advisory board members card: AI Lewis, Debbie Brockett, Melvin J Brown and Chelsea Dean - same as about us.
- Also can add newsletter subscription block + Read blogs + Podcast - to nurture.
